The World Series are done in America but not all of baseball as in fact it enters into high season in our part of the world. Subvened by the authorities with grants from the Arts and Sports Development and supported by the community, we will host, from the 14th to the 17th of December, the Hong Kong International Baseball Open for the sixth time at two venues under the auspices of the World Baseball Softball Confederation, featuring nearly a dozen teams, national and club.

Baseball has gained popularity throughout Asia, Hong Kong well included, because it is a team sport that is enjoyable without incurring too many physical risks. With wider participation comes better training, coaching and expertise, resulting in an ever higher caliber being played. We have by this way see competition more intense and contests more closely contested between clubs and countries as this tournament will attest.

We enjoin the fans of the sports to go in numbers to Lion Rock Park and Sai Tso Wan baseball fields to enjoy the games and the festive air because baseball is best appreciated when the field and the stands are both in the swing, pardon the pun, of things. Play ball...

Mr. Riccardo Fraccari

President of World Baseball Softball Confederation

Dear International Baseball Players, Friends, Fans, Clubs and Officials:

The World Baseball Softball Confederation (WBSC) is proud to recognise the Hong Kong International Baseball Open (HKIBO 2017). WBSC also appreciates and recognizes the great efforts of the Hong Kong Baseball Association to give our sport's athletes another opportunity to compete on an international platform, while linking our sport with important supporters such as Hong Kong's Home Affairs Bureau (Arts & Sport Development Fund) and Leisure and Cultural Services Department.

The HKIBO 2017 will unite players from Australia, China, Hong Kong, Nepal, Philippines, Russia and Singapore at Sai Tso Wan Recreation Ground and Lion Rock Park Baseball Field. Official national teams from federations of Hong Kong, Nepal, Russia, Singapore and four club-teams from Australia, China, Hong Kong and Philippines.

Not only does the HKIBO provide a platform that gives an exciting international experience to the players, but also to the coaches, umpires, scorers and all involved officials/organizers. Baseball is continuously becoming more global and more competitive, so it is important for all nations and players/personnel/officials to keep up with the evolution of this sport, and the HKIBO provides a great international opportunity to compete and strengthen these important skills.

WBSC is grateful to HKBA, the local authorities, sponsors, officials and volunteers who make this event possible and celebrate our sport internationally.

Wishing best of luck and international friendship, respect and fair play to all the teams, athletes and officials joined together by this important HKIBO competition.

Riccardo Fraccari
President, WBSC

Mr. Philip Li

President of Hong Kong Baseball Association

I am honored to write in my capacity of president of the Hong Kong Baseball Association to welcome the eight baseball teams from Australia, China, Nepal, Philippines, Russia, Singapore and Hong Kong to the Hong Kong International Baseball Open 2017. It is worth to note that four teams are the national teams, making a record of the biggest number of national players in this international tournament since its inception in 2012.

Baseball has been popularized round the globe. It is evidenced by the participating teams coming from various emerging baseball places to play this international open over the past five years. The Olympic spirit of "participation is more important than success" embeds the importance of international friendship of athletes and good health of all of us. History tells us popularity of a sport paves the way to achieving medals in the major international sport games such as the world championship and Olympic Games.

The Hong Kong International Baseball Open is getting more and more popular in the international baseball community and moving forward to attract the participation of many more elite athletes. I wish all players, who are going to play this tournament in the next few days, playing to their highest standards and enjoying good friendship during and after the matches.

Dr. Felix Yip

Chairman of Hong Kong Baseball Association

I am extremely pleased to announce the start of 2017 HKIBO Tournament on 14th-17th December 2017, with a special feature of three national teams from Nepal, Russia and Singapore competing with our Hong Kong Team in the Tournament this year. It is definitely an encouraging news to us in Hong Kong, signifying the increasingly importance of our Tournament in Asia Pacific Region. We would look forward to receiving more national teams joining our Tournament in the near future. Same as previous years, we also have three club teams from Australia, Mainland China and Philippines to compete with our Hong Kong Development Team during the Tournament period as well. I am sure all the games in HKIBO Tournament 2017 are "must watch" games to all baseball lovers.

With the above exciting development of the Tournament, we must specially thank for the continuous funding support to the entire tournament from Home Affairs Bureau and Leisure and Cultural Services Department of Hong Kong SAR.

Lastly, I shall specially thank all our umpires, scorers, volunteers, players, coaches, and baseball lovers for making this wonderful tournament actualised.
