j. EVENT SANCTIONING

BAHKC will apply for sanction from the World Baseball Softball Confederation (WBSC) to recognize this event as an international event after receiving confirmation from the participating teams. A request form will be sent to the respective National Federation (NF), asking a senior member to confirm whether the team is a national team or a club team (i.e., any team not formed to represent a national team, such as a youth organization team, high school team, professional team, etc.) that typically participates in local/domestic or overseas competitions or leagues and may include players from different countries of origin.

Baseball5 world ranking points will only be generated for games between national teams. Please see the **BASEBALL5 WORLD RANKING METHODOLOGY**:

k. MISREPRESENTATION AND FRAUD

According to World Baseball Softball Confederation (WBSC)'s guidelines, where a team is not the National Team acting under the authority of the National Federation and/or respective National Olympic Committee—and/or where a competition has not been duly sanctioned by the WBSC—the uniform colors and style of such team competing in an international tournament must not be the same as or similar to any National Team uniforms of that National Federation. The National Flag of the country of that National Federation must not appear on the uniform and such team should not be promoted/positioned as a team representing country or nation on any media outlets (broadcasting, website, social media, print publications etc.).
